Read Me First – North Dakota Medicaid

Prescription Requirements

- The client is required to have an examination with their physician no more than 60 days prior to the written order for the speech generating device (SGD).
- The physician must document that the client was evaluated and/or treated for a condition that supports the SGD. A copy of the signed office visit notes will need to be included with the application to PRC-Salttillo.
- A Physician's written order prescribing the specific equipment must be signed within 90 days of PRC-Salttillo's prior authorization submission to Medicaid.

Individualized Educational Plan (IEP)

- An IEP is required for school-aged children. If the child does not have an IEP, documentation of "why" no IEP is available would need to be provided.

SGD Replacement

- North Dakota Medicaid's Speech Generating Device policy indicates device replacement is limited to one every seven years.
